From Your New General Manager

Hello Houndslake friends, family, and members. My name is Jeff Mayberry and I am excited to announce that I am the new general manager at Houndslake Country Club. I want you to know how honored I am to have this opportunity to lead our club. I am so thankful to the Seawell family and all the members for giving me this opportunity. I want to let everyone know that we have a great team in place here at Houndslake, and I look forward to working with each team member.

About me... I have lived in Aiken for about 5 years. My wife & I currently live in Powderhouse Landing subdivision. I am married to my beautiful wife Beth who is a teacher at LBC Middle School & Scoefield Middle School. We do not have any children, but we do have two rescue dogs named Maggie Mae & Joy Noel. I graduated from Knoxville Halls High School in 1982 (Yes, I am having a 40 year HS reunion this summer). I have my B.S. degree & M.S degree in Recreation & Sports Management. My hobbies are anything sports/athletic related... softball, golf, baseball, basketball, and learning the game of pickleball. I am a huge Kentucky fan and travel to see them play as often as I can (Ok Gamecock fans, do not hate me yet).

In closing, I want to let everyone know that my number one goal is to make Houndslake Country Club a fun and friendly

place to be a member. I look forward to working with the Seawells to deliver their mission and vision to our members & employees. May will be a very busy month with Mother's Day Brunch & the opening of the swimming pool, but please feel free to contact me anytime on suggestions on how we can better the membership experience.

TEE TALK

The Four Tees

All golfers experience periods in which they push or pull putts. It usually happens because the path of the stroke gets too much outside to in or inside to out through the ball.

The "four tees drill" is a great way to retrain your stroke so the path is correct and the blade remains square through impact.

Place two tees in the ground a little farther apart than the length of the putter head. About eight inches behind these two, place two more the same distance apart. Now practice hitting putts so the putter doesn't strike the tees on the backswing or through impact. The tees don't lie. This practice method is much more effective than simply hitting putts with no reference point.
