GARDEN CLUB

The HCC Garden Club met on Friday, April 21st, and hosted two groups. Representatives from the Butterfly Society of SC presented a very informative program on their group, the Monarch Butterfly, and the environment in which it flourishes. We witnessed Monarchs emerging from their chrysalis. It was lovely! Our club will purchase a native milkweed plant for the Carolina Garden.

“Blossoms by Grace” also joined us. We learned about their Ministry and the population they serve — women recently released from prison, people newly located to Aiken, the poor and forgotten. They brought hundreds of blooms, green fillers, and fragrant branches which were used to teach us how to prepare flower arrangements. We then chose from roses, sunflowers, alstroemeria, and other flowers to design our bouquets.

We have refreshed the Chef's Garden located in the parking area. Our Chefs will have access to organic basil, mint, sage, oregano, rosemary, thyme, and dill to season foods served in the dining room and pub.

On Friday, June 16th, we are planning a trip to the King George Lavender Mercantile in Barnwell. We will have a tour of the farm, make a craft and have lunch. All are welcome. Please call Joan Basile, at 803-645-1246 for more information.

NEIGHBORHOOD ASSOCIATION

NEIGHBORHOOD NEWS

Please remember to join the Houndslake Neighborhood Association if you are a resident of Houndslake!! Our goal in 2023 is to reach 300 members!! We currently have 207 members, join today and help us reach our goal!! Go to www.houndslakeassociation.com to join.

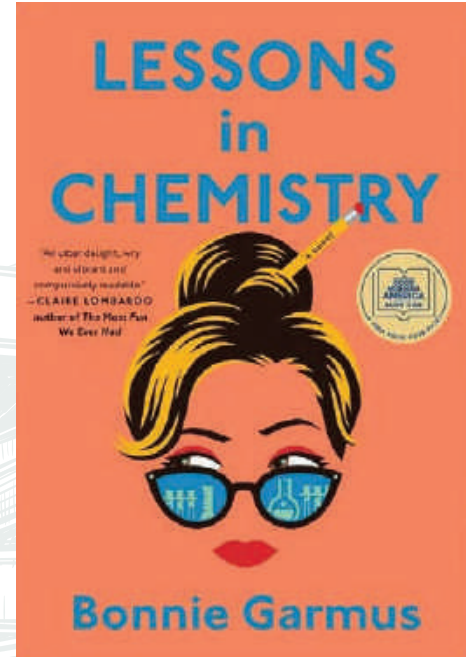

May is a great month to plant flowers and if you need some advice, visit the Houndslake Garden Club. You do not have to be an HNA member or a Country Club members to attend the Garden Club meetings. The Garden Club maintains a beautiful "Carolina Garden" in Houndslake with a focus on mostly native plantings. They have also recently planted and maintain an herb garden that is used by the chef at Houndslake Country Club to add some fresh flavor to Houndslake dining. The Garden Club has monthly meetings and educational lectures, visit gardens and nurseries, has plant sales, and has several luncheons each year. At their recent meeting, they were visited by "Blossoms of Grace" and made beautiful floral bouquets to take home.
