May at Houndslake Country Club

-The Season Ahead

May always brings a special energy to Houndslake.

With warmer days settling in and the Club coming fully to life outdoors, it's wonderful to see members gathering again — on the course, around the table, and throughout the property enjoying everything the season has to offer.

April was filled with memorable moments. Easter brought families and friends together for a wonderful celebration at the Club, and we are grateful to everyone who joined us for what was a truly successful holiday gathering. At the same time, the golf course has continued to come back to life with tournaments, daily play, and the steady rhythm of members enjoying the game again.

Inside the clubhouse, members have already begun enjoying our new spring menu, which has been met with great enthusiasm. It has been exciting to see the renewed energy in dining as the season changes.

You may also notice that the Pub renovation is nearing completion, and we look forward to welcoming everyone back into a refreshed and updated space very soon. Looking ahead, May brings two traditions many members cherish — Mother's Day and the long-awaited opening of the pool. With summer just around the corner, the Club becomes a place for families, friends, and neighbors to gather and enjoy the warmer months together.

Our Splash Memberships are now available for the season as well. For those who have friends or neighbors interested in experiencing the Club during the summer months, this social membership offers a wonderful introduction to the Houndslake community. As always, the most meaningful way our membership grows is through the recommendations of our members.

With the course green, the pool preparing to open, and the Club filled with activity, May reminds us that the best of the season is still ahead.

We look forward to enjoying it together.

Dear Members,

As we move into the next phase of Houndslake's future, I want to clearly share where we are and where we're headed.

Our roof project will be nearing completion next week, followed by continued clubhouse renovations and upgrades—key steps in protecting and modernizing our facilities.

I also want to be direct: **our golf course is not where it needs to be, and I take full responsibility.** A 50 year old irrigation system combined with the spread of Poa annua have created conditions that fall short of the standards you expect and that we expect of ourselves.

We are acting immediately. Irrigation specialists are comin in to evaluate the entire system and provide a plan to upgrade and modernize it. We are also assembling a contract team to help us address immediate agronomy needs so you can see visible progress quickly.

This marks the beginning of a broader recovery—balancing immediate fixes with long-term investment. We are also developing a responsible financial plan to support this work.

There will be some inconvenience, but we are committed to restoring pride in our course and confidence in our club.

Thank you for your continued support, feedback, and belief in Houndslake.

Sincerely, Daniel

(This is a condensed version of a direct email sent to our members from Daniel on April 30, 2026)

Our Membership Grows Through You

One of the greatest strengths of Houndslake Country Club is the community created by our members. If you enjoy the Club, bring your friends and family to experience it. Many of our new members join because they were invited by someone who already loves Houndslake. Thank you for helping us grow the Houndslake family.
